To: Peterson, Erika Day - petersed

Hi Erika,

I wanted to tell you in person, but also want you to have an email to refer to as well. Rustin Greene (SMAD Assistant Director) was here on Monday and I didn't think to bring it up, but he offered some fantastic feedback including:

1. He's noticed we've been hiring his favorite students as assistants
2. The AFI display gets a thumbs up for media literacy and student engagement
3. He "likes what he sees going on here"

I've been here six years now and it's the first time Mr. Greene has ever approached me, so whether it's just random or a sign of good changes, I'll take it!

I also mentioned to him that it has a lot to do with your support and how genuinely awesome these students are:)

Have a great day knowing we're looking good!

-Brian
